BHOPAL - 462016 (M.P)

Sub: Compliance status of various conditions of the Environmental Clearance granted by MoEF vide letter No. J-13011/28/92-1AI(T) dated 23.04.1996 and additional conditions stipulated vide letter No. J-130 12/45/05-1AII (T) dated 05.08.2009 for coal based Jaypee Bina Thermal Power Plant (2x250 MW) at village Sirchopi, Tehsil Bina, Dist. Sagar (M.P)

Dear Sir,

We are pleased to submit half yearly Compliance report to conditions laid down in Environmental Clearance with supporting Documents/Annexures/Photographs in respect of Jaypee Bina Thermal Power Plant, for the period April, 2014 –September, 2014.

Thanking you.

Yours faithfully,
For JAYPEE BINA THERMAL POWER PLANT

DR B J PRASAD
Sr. G M (ENVIRONMENT & SAFETY)

Enclosure: As above

Copy to: 1. The Additional Director & Zonal Officer
Central Pollution Control Board, Shankar Bhawan, 3rd floor, North TT Nagar,
BHOPAL – 462 003

2. The Chairman,
MP Pollution Control Board, Paryavaran Parisar, E-5, Arera Colony
BHOPAL – 462 016

3. The Regional Officer,
M.P. Pollution Control Board,
Deen Dayal Nagar, Housing Board Colony,
SAGAR (M.P.)

| 2    | Only washed coal with ash content not exceeding 30% should be used, fly ash generated to the tune of 0.828 MT/day should be utilized in Fal-G-Cement, brick making etc. Full utilization should be ensured by end of 9th year as proposed. Use of coal should be restricted to 8100 tonnes/day.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | The Condition of use of washed coal was waived off vide MOEF letter no J-13011/28/92-IA-II (T) dated 15.10.1997. Copy attached as Annexure-1. Following efforts have been made to abide by MoEF notification No.2804(E) dated 3rd November, 2009 for fly ash utilization in phased manner and full utilization after 4 years:-  
(i) A fly ash brick/block manufacturing unit has been installed, having capacity of 45Lac/pa bricks. The photograph of Fly Ash brick manufacturing unit is attached as Annexure - 2.  
(ii) MOU’s have been signed with following industries/enterprises for supply of Fly Ash:  
(a) M/s. Heidelberg Cement India Limited (Diamond Cements) to supply 1000MT/per day fly ash for utilization in cement.  
(b) M/s Shree Traders, Mandideep for supply of 300 MT per day Fly Ash for trading to bricks manufacturer and cement plant.  
(c) M/S Panna Lal Ahirwar, Khurai for supply of 50 MT per month of Fly Ash for manufacture of bricks.  
(d) M/S Richhariya Industries, Sagar for supply of 100 MT per month of Fly Ash for manufacture of bricks.  
(e) M/s Cenosphere India Pvt Ltd, Kolkata.  
(f) M/s ACC Ltd., Kymore Cement Works, Katni  
(g) M/s KJS Cement Ltd, Maihar.  
Following companies are also taking fly ash for utilization in cement manufacturing and MOU’s are likely to be signed shortly for bulk supply of fly ash with these companies:  
1) Ultra Tech, Khor, Neemach (M.P.)  
2) Birla Corporation Ltd., Chittorgarh (Rajasthan) |
3) ACC Ltd., Bundi, Lakheri, (Rajasthan)
4) Birla Cement, Satna (M.P.)
5) Wonder Cement Ltd., Chittorgarh (Rajasthan)
6) Narmada Cement Industries, Sagar (M.P.)- for brick
7) Satnaam Waheguru grinder, Sagar (M.P.)- for brick
8) Everest Industries Ltd., Kymore Katni (M.P.)
9) JAL Cement Division, Rewa (M.P.)

(iii) Besides the above, a 2MTPA Cement Grinding Unit is planned within the premises to utilize the fly ash for which Public Hearing has been conducted on 30.10.2012 and final EIA-EMP report has been submitted to MOEF on 08, April 2013 for grant of environment clearance.

(iv) Fly ash has also been utilized in internal road construction.

(v) Managing Director, MP Road Development Corporation Limited, Bhopal has been requested vide letter 25.12.2013 for promotion of utilization of Fly Ash in Road Construction activities. Earlier, Collector, Sagar has also been requested for utilization of Fly Ash in civil works.

Consumption of coal is less than permissible limit of 9000 MT/Day (This condition has been revised by MOEF vide letter no J-13011/28/97-IA-II (T) dated 17.11.1997). Copy attached as Annexure-3.

3. A closed cycle circulating water system with cooling towers should be incorporated in the project design and only make up water should be drawn.

Closed circuit Natural Draft Cooling towers have been provided and only makeup water is drawn. Photograph of cooling tower is attached as Annexure-4.

4. A barrage proposed across Betwa river from where a 4 km long pipe will be drawn so designed as to restrict the pondage to 385 m and within the river banks to avoid acquisition of additional land.

The barrage has been designed to restrict the pondage to 385.75m and pondage is limited within the river banks.

5. Continuous stack monitoring equipment for SPM, SO2 and NOX should be provided and data collected should be regularly analyzed for ascertaining the pollution levels within prescribed standards.

Continuous stack monitoring equipment for SPM, SO2 and NOX has been provided. The Stack particulate monitoring data is given as Annexure-5.

6. Land requirement should be restricted to 850 ha with following break up;
   a) Power plant - 330 ha (262 ha for plant plus 68 ha for green belt)

MoEF vide letter no.J.13011/28/92-IA.II. dated 4-12-1996 restricted the land requirement to 726 ha (Annexure-6) with following break up:

Power plant Area - 260 ha
<p>| | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>b)</td>
<td>Ash disposal - 380 ha (306 ha ash pond plus 74 ha green belt)</td>

<td>Township - 115 ha</td>
</tr>
<tr>
<td>d)</td>
<td>Rail, road, pipeline etc - 25 ha</td>
</tr>
</tbody>
</table>

|    | Ash Pond Area - 326 ha |
|----| Other Area - 115 ha |
|    | Pipeline etc. - 25 ha |
| Total | 726 ha |

7. Guard pond with two sections each of 3960 M3 capacity should be created for collection and treatment of effluents from various plant activities before its discharge to Betwa river as per the standards laid down by central pollution control board / Madhya Pradesh Pollution Control Board.

8. For Socio-economic upliftment of local and affected person's facilities such as hospital, school etc. should be created at project site. Adequate employment facilities should be provided to affected people and if need be, training should be imparted to them in suitable fields.

9. Noise level should be maintained within 85 dB (A) by proper maintenance of equipments and isolation etc. for people working in generator hall, ear plugs should be provided.

10. For easy access of the areas on northern side of plant, a corridor should be maintained between plant and proposed ash disposal area.

An Effluent Treatment Plant (ETP) along with guard pond has been commissioned to treat the effluents and to recycle the treated effluent in the plant use. The ETP consists of:
- Collection cum equalization sump: 1680 M3
- Flash mixer cum flocculation tank: 22.5 M3
- Tube settler chambers (2 Nos.): 316.88 M3 each
- Guard pond (2 Nos.): 3600 M3 each

Effluents from various sections such as Bottom ash over flow, SSF back wash, Oil-water separator, recycled water from ash pond, neutralized effluent from DM plant, boiler blow down are brought to the ETP. Arrangement for Acid / Alkali dosing is provided for neutralizing the treated effluent, if required before recycling for various uses. The effluent is treated to conform to the prescribed norms of CPCB/MPPCB.

A hospital with two doctors is already established for medical support to local people and employees. A Hindi medium school is also running for education of children of local people and employees.

To the extent possible, local people have been employed for various activities in the plant. Necessary training is given to them before inducting them. To provide easy access for skill enhancement of the local people, an ITI has been constructed and academic session has started in the current year. A polytechnic school is also proposed under CSR activities.

The plant is participating in Sanjeevani Project of the state government for healthcare of malnourished children in the age group of 05 months to 05 years of 30 villages around the plant site in Bina Tehsil.

All equipments have been designed and fitted with adequate noise control measures so as to keep the noise level below 85 dB(A).

Personal protective equipments like ear plug/car muff are provided to workers who work in noisy area.

Has been complied.
11. Continuous monitoring of ground water should be undertaken in consultation with central ground water board. Data collection should be analyzed for ascertaining if leaching through ash pond is taking place affecting the water quality. Continuous monitoring of flue gases should also be ensured.

12. For controlling NOX emission, low NOX burners and steam injection system should be provided.

13. Project authorities must create sufficient in house capability (Environmental Cell) supported by full-fledged laboratory to monitor and implement environment related issues.

14. Adequate financial provision, item wise and year wise, must be made for implementation of above stipulated conditions. Detail on these aspects should be submitted to the ministry by 31st May 1996.

15. Full co-operation should be extended to Scientists/Officials from Regional Office Of Ministry at Bhopal who would be monitoring the compliance of environmental measures by providing environmental data, plans and related documents requested from time to time.

Ground water Monitoring has been done through MPPCB, Sagar. The ash pond has been lined with impervious HDPE liner and has been concreted to ensure that there is no leaching (Annexure-7). Continuous stack emission monitoring equipment has been installed. Photograph of continuous stack monitoring equipment of flue gases is attached as Annexure-8.

Secondary over fire air burner have been provided to reduce NOx emission level.

Project has established a separate Environmental Management cell with qualified and experienced executives. A full-fledged laboratory has been set-up to monitor the Environmental parameter. Organogram of the Environment Management Cell is attached as Annexure-9.

List of equipments provided in the laboratory is attached as Annexure-10. Rs.265.98 Crs have been provided for implementation of environmental protection measures such as ESP, ETP, dust separation and extraction system, ash effluent recycling system, on line stack monitoring and continuous AAQ monitoring equipments, plantation, etc as per details given below:

OFFICE MEMORANDUM

Subject: 2 x 289 MW Bina Thermal Power Project (Phase-I), Madhya Pradesh by M/s Bina Power Supply Company Ltd.

Reference is invited to this Ministry's Office Memorandum of even number dated 23rd April, 1996 and 4th December, 1996 regarding the above mentioned subject.

2. In view of our Notification No. 560 (E) dated 19th September, 1997 regarding use of beneficiated coal for power projects, there is no need to use beneficiated coal in the proposed Bina Thermal Power Project as it is only 686 Kms from the linked mine. As such, condition No. (ii) of our O.M. dated 23rd April, 1996 may be read as under:-

(ii) Fly ash generated to the tune of 0.828 MT/day should be utilised in Pali-G-Cement, brick making etc. Full utilisation should be ensured by the end of 9th year as proposed. Use of coal should be restricted to 8100 tonnes/day.

3. Other conditions will remain unchanged.

Shri R. Vaidyanathan,
Joint Executive President,
Bina Power Supply Company Ltd.,
E-7/726, Azadara Colony,
Bhopal - 462 016 (M.P.).

Copy to:-
1. The Secretary, Ministry of Power, Shram Shakti Bhawan,
   Rafi Marg, New Delhi.
FLY ASH BASED BRICK MANUFACTURING PLANT
CORRIGENDUM

Subject: 2 x 289 MW Bina Thermal Power Project (Phase-I), Madhya Pradesh by M/s Bina Power Supply Company Ltd.

Reference is invited to this Ministry's Office-Memorandum of even number dated 11th October, 1997 on the above subject.

2. In para XII, the figure 8100 tonnes/day may be read as 9000 tonnes/day.

Shri R. Veidyanathan,
Joint Executive President,
Bina Power Supply Company Ltd.,
E-7/726, Arera Colony,
Bhopal (MP) 462003.

Additional Director

Copy to:
1. The Secretary, Ministry of Power, Shri Ram Shakti Bhavan, Rail Marg, N. Delhi.
3. The Chairman, Central Pollution Control Board, East Arjun Nagar, Delhi-110032.
4. The Chairman, M.P. Pollution Control Board, Paryavaran Parisar, E-5, Arera Colony, Bhopal.
5. Regional Office, Bhopal.

(Nalini Bhat) Additional Director
Subject: Bina Thermal Power Project Stage-I (2 x 289 MW) by M/s Bina Power Supply Company Limited, M.P.

The undersigned is directed to refer to letter No.BPSC/DO/RV/96 dated 29th October, 1996 from M/s Bina Power Supply Company Limited regarding the above mentioned project.

2. The request for environmental clearance for the enhanced capacity of 2 x 289 MW as against the approved proposal of 2 x 250 MW has been examined and considering that the pollution load due to the enhanced capacity will be within the permissible limits, we have no objection to the installation of two units of 289 MW capacity each subject to the following conditions:

   i) All the conditions stipulated vide our letter of even number dated 23rd April, 1996 should be strictly implemented.

   ii) The land requirement should be restricted to 726 ha with the following breakup:

<table>
<thead>
<tr>
<th>Area</th>
<th>Ha</th>
</tr>
</thead>
<tbody>
<tr>
<td>Power Plant Area</td>
<td>260</td>

<td>326</td>
</tr>
<tr>
<td>Other Area</td>
<td>115</td>
</tr>
<tr>
<td>Pipeline etc.</td>
<td>25</td>
</tr>
</tbody>
</table>

Total: 726 ha
iii) Water consumption should be reduced from 4030 M³/hr to 3000 m³/hr. The pondage, therefore across Betwa river should also be reduced.

iv) Project activities should restrict coal consumption to 7824 tonnes/day.

3. It should be ensured that there is no further change in the project profile/design for Stage-I.

Shri R. Vaidyanathan,
Joint Executive President,
Bina Power Supply Company Ltd.,
UCO Bank Building,
